I agree.

Al,

I need your approval to make this location unlimited.

Is there any way to make Partners unlimited like we do BJK. It makes sense, we know who they are and we know what they do. We really should treat them the same way we do BJK.

Usage is 128,495 tabs a month on #700256 alone and there are a bunch of other sku's.. Partners is already at their limits for the month on the Oxycodone combo and he needs product. His order was cut by 88 x 500ct yesterday. Control usage is attached. I sent non-controls to Mike earlier. He is currently at 160,000.

Thank you
